

The universal machining center matec-30 HVK is the perfect solution for complex production tasks in the 3D area and in the 5-side machining. The high Z-Axis allows to machine considerably bigger work parts. Using a rotary table, you can expand the work part dimensions up to 940 mm in oscillating circuit.

Please notice:
Photos show options, which might not be included in ordered machine.

Offer No - D130
Version as Mill-/Turn Centre

This machine is shortly available with following options

Traverse path

X-Axis	1.300 mm
Y-Axis	600 mm
Z-Axis	800 mm

1-Axis CNC-Swivel Head

+/- 105° swiveling

Measuring system +/- 3"

Torque max. without clamping 2.400 Nm
with clamping 4.200 Nm

Motorspindle 12.000 r/min

Drive system 30kW

Torque max. 191 Nm

Hydraulic spindle clamping system for turning

CNC-table Ø 630 mm

Speed max. 1.000 r/min

Table 1.515 x 635 mm

Control Heidenhain TNC 640

Electronic handwheel (portable)

Tool magazine with 48 places

Tool holder HSK-A 63

Coolant through spindle 20 bar
(paper strip filter)

Coolant high pressure at the outer nozzles

3D-probe with wireless signal transmittion

There are further more options available which can be added.
